

This is what I created Using the knowledge that we got from today's lecture.

I just added some tags like...

CSS →

```

.h-center{
  text-align:center ;
  text-decoration-color: rgb(25, 25, 25);
}
h1 {
  color: rgb(21, 103, 197);
  text-decoration-line: underline;
}
div {
  border: 15px solid green;
  padding: 25px;
  margin: 500px;
}

```

←HTML

```

<!DOCTYPE html>
<html>
  <head>
    <title>
      Tourism
    </title>
    <link rel="stylesheet" href="index.css">
  </head>
  <body>
    <div class="h-center">
      
      <h1>
        Tourism
      </h1>
      <p>
        Welcome to this website
      </p>
      <button>
        Get started
      </button>
    </div>
  </body>
</html>

```
